

OFFICE OF THE SECRETARY

15 January 1971

MR. HOUSTON:

Herewith the paper Fred made
reference to in his telecon.

In brief, he feels it most
important that CIA be joined
in with SecDef on this statement
as it comes before Kissinger in
his WSAG operation. If not a
formal concurrence, which Fred
feels SecDef would appreciate,
then at least an informal O.K.

Fred feels, for his own reasons,
that he can bring State in to
join on this also.
